Lunar Hunt & Fish

Lunar Hunt & Fish Apple iPhone Application

For centuries man has known about the effects of the moon on fish and wildlife activity. Through this method, Lunar Hunt & Fish accurately determines the best times of the day to hunt and fish, greatly increasing your chances of success.

Whether going hunting or fishing locally or planning an out of state trip in the future, you can easily determine the best

daily times for any location in the US. It's simple! Either use the current phone location, or enter the zip code for the location you are planning to hunt or fish. Next select the range of dates for your trip. Lunar Hunt & Fish will then calculate the best possible times to catch that "lunker" bass or locate that deer for your trophy wall.

Now you know why 1 picture is really worth a 1,000 words. This stringer says it all about Jiggin' Crazy Baits.

WOW !!! What a turn out at this Spring's Fishing Tournament sponsored by Riverside Bait & Tackle and The Forked Run Sportsman's Club.

Jiggin' Crazy Bait Co.

If you get tired of hair jigs that fall apart after one afternoon of fishing, you need to try lures from **Jiggin' Crazy Bait Company**, made locally in Ohio from start to finish. Lenny "Worm" Fuller has made fantastic quality lures for over 20 years, and offers them at reasonable prices to bait shop owners and the retail public alike.

Maribou jigs are the specialty of Jiggin' Crazy, and they offer fine hand-crafted jigs in a variety of sizes and colors. They are durable, with top quality hooks. Best of all, **these jigs really catch fish!** They are great for panfish such as crappie and perch, but Jiggin' Crazy also makes jigs designed to catch bass, walleye, and other species.

Jiggin' Crazy also has some terrific hand-made blade baits, worm harnesses, and in line spinners that can be fished either with or without a maribou skirt. These lures can be fished any time of year, and they have a color that works with any level of water clarity, from crystal clear to super muddy and every shade of water in between.

These lures are easy to fish, even for a beginning angler, because they can be a very simple "chuck and wind" bait. The more advanced angler can use other retrieves to draw strikes from

them, though. They can be vertically jigged in tough conditions to mimic a dying baitfish (even through the ice in winter time), or hopped along the bottom to grab the attention of the tight-lipped fish and draw reaction strikes.

If you want to gain an advantage over the other anglers on the water vying for the attention of the fish, consider a lure that isn't yet on the big box store shelves. Check out what Jiggin' Crazy has to offer at your local bait shop or at www.jiggincrazy.com. Bait shop owners wishing to stock a product that is unique, locally made, and keeps anglers coming back to your shop for more should give Jiggin' Crazy a call at (740) 454-7245 for further details and ordering information.

At the present time you have to call for an appointment to go fishing. Their new fishing times will be listed in next months ad. As we were going to press they had just finished building a New Bait House. They were busy putting in New coolers and getting ready for all you fisherman that just like to catch fish for the fun of it. You are not allowed to keep any of the fish that you catch. BUT the important thing is EVERYBODY WILL CATCH FISH.

Middleburg Hillside Catfish Farm is a WELCOME addition to the Ohio Fishing Scene. Won't it be nice to go fishing and know you will actually catch fish. These lakes are stocked with Channel Cats, Blue Cats and Shovelheads. It's hard to catch the BIG Cats because the Channel Cats are ALWAYS hungry. very well may have been way back in 1976! Springwater has gone through many changes over the years. From the original owners who made it a great lake, and, as their health declined, had their hospitality abused and the lake became abused as well in there passing, the lake was closed and sold on the auction block. Springwater remained closed for a few years until the property sold again. This time it was sold to a wonderful family who was determined not only to re-open the lake, but bring it back to its original glory. They did an absolutely great job. With shelters built around the lake to provide you with shade from the sun or shelter from the rain, to tire pits set up for you to have a campfire, to the bait and tackle shop with everything you could need including snacks, drinks, and hot sandwiches.

Springwater Pay Lake and Bait Shop is currently owned By Mark and Lisa Kundtz. They are also determined to keep up where the previous owners left off. Which is having **Springwater Pay Lake and Bait Shop remain one of the oldest and most respected pay lakes in southwest Ohio. They stock weekly with channel, shovelhead, and blue catfish.**

Springwater Pay Lake is NOW OPEN Tuesday at 12 noon through Sunday at 4PM. (24hours A DAY). They are closed on Mondays. They have 5 hour tickets available (except Friday & Saturday), 12 hour and 24 hour tickets available on all days. Your fishing ticket will include your entry into the Weekly Jackpot and the 50 lb.
